3P CLASS NEWS

3P - Year 3
Class Teacher: Mrs Larissa Polak

In English we have been enjoying visualising and predicting story events from our class novel ‘Angel Creek’ by Sally Rippen. Here are our own ‘Sizzling Starter’ sentences to hook in a reader:

As I approached the tunnel mist was galloping like a horse around me.                  Cohen

As I approached the tunnel it grew cold, not a gentle cold like soft snow on a mountain, but a piercing cold like all hope had been sucked from you.                    Asia

As I approached the tunnel I heard a piercing scream from the deep darkness.              Stella S

In Mathematics, we have dabbled with computer coding using the online program ‘Scratch’. We used problem solving, logic, reasoning and thinking mathematically to make characters and objects move on the screen.

In Visual Arts we are planning and designing a new ‘Picasso Cow’ that will be painted next term, about the journey of food from paddock to plate.

In Science, teams have tested the strength of packages we designed to protect one wafer biscuit. We have also presented our PD/Health Road Safety projects explaining how to ‘Stop, Look, Listen and Think’ when you cross a road.

As I approached the tunnel a howling wind whipped the hair out of my face.  Sunny
Dear Parents

I will be Relieving Principal while Susie is on leave until the 17th July.

The students were treated to a fabulous performance by the Sunshine Coast State School Band and Choir today. Two popular choir numbers were Royals and Sky Fall and then the students joined in as Emily played Riptide on her Ukelele. The bands were spectacular and our audience let them know that they appreciated both the pianissimo and fortissimo sections of their musical pieces.

Mr McKinnon has added some extra very comfy furniture to the library environment to encourage reading for pleasure. KD were some of the first students to enjoy reading their books together in the Library Lounge.

You will be receiving your child’s Semester 1 report this week. This is the first edition using our new Sentral online reporting system. There have been a few minor ‘glitches’ as we became familiar with the system and there will be some further refining before the Semester 2 report. I hope you enjoy sharing your child’s achievements for this semester.

It has been a very busy and productive semester and I am sure that the children and staff will enjoy their well-earned break. Have a safe and happy holiday!

Kind regards
Diane Jones
Relieving Principal

Hometime messages

If you need to get a message to your child regarding a change to their hometime routine, please phone the school before 3pm if possible (all urgent matters should be attended to with a phone call). While it is a valuable communication tool, the school’s email is only checked a couple of times during the day and we may not see an urgent message if it is sent via this method. Thank you for your understanding.

Did you want to make a tax deductible donation to our Building or Library Fund?

Many thanks to those who have “sponsored an iPad” by making a donation to our Library Fund - your generosity will be acknowledged next term when we purchase the iPads. If anyone else is wanting to make a tax deductible donation, in order for your receipt to be issued in this financial year, the transaction will have to occur tomorrow - please contact the school office if you wish to do this, thank you.

COMMUNITY ANNOUNCEMENT

Traffic changes

JUNE 2015

TINTENBAR TO EWINGSDALE PACIFIC HIGHWAY UPGRADE

The Australian and NSW governments are jointly funding the $862 million Tintenbar to Ewingsdale Pacific Highway upgrade.

As part of the project, a new interchange with south facing ramps is being built at Bangalow. In preparation for upcoming traffic changes, out of hours work is required on the Pacific Highway at Bangalow.

Traffic changes on the Pacific Highway at Bangalow

From Monday 22 June 2015 (weather permitting), the southbound lane of the Pacific Highway adjacent to Bangalow will be diverted via the new roundabout on Bangalow Road.

All Bangalow Road traffic (eastbound and westbound) will now also use the new roundabout.

The current northbound exit ramp to Bangalow will be permanently closed. This will allow for construction of the landscaped Clover Hill noise mound to continue. Northbound Pacific Highway access to Bangalow will be via the new roundabout.

This traffic arrangement will remain in place until the remaining Bangalow overbridge can be demolished. At this time, the northbound Pacific Highway traffic will also be diverted via the roundabout for about six weeks (weather permitting).

Night works in preparation for traffic changes

Preparation for these traffic changes will require night works on the Pacific Highway and the roundabout at Bangalow. Reduced speed limits and traffic controls will be in place throughout the work.

From Sunday 21 June 2015 between 7pm and 7am for up to three nights (weather permitting), existing line marking will be removed using a water blaster, concrete barriers will be moved and new line marking will be painted on the Pacific Highway at Bangalow to direct traffic through the new arrangements.

To manage construction noise, noise monitoring would be undertaken during the out of hours work in accordance with the project's approved Construction Environmental Management Plan (CEMP). The community relations team would be available 24 hours a day on 1800 787 882 (toll-free) for the duration of the work.

A reduced speed limit of 40km/h and traffic controls will be in place during the night works. Delays of up to five minutes may be experienced on the Pacific Highway and Bangalow Road.

Roads and Maritime Services

Tintenbar to Ewingsdale Pacific Highway Upgrade
A team consisting of Roads and Maritime Services and Land Lease
Reply Paid 85913, PO Box 604 BANGALOW NSW 2479
This project is funded by the State and Federal governments
Traffic management

When the traffic changes have been implemented, a 110km/h speed limit will apply to Pacific Highway and Bangalow Road traffic on approach to the roundabout. Additional traffic controls including variable message signs and flashing lights will be used to alert road users to the changed traffic conditions.

If required, temporary, 24-hour traffic lights may be installed at the roundabout to manage the flow of Bangalow Road and Pacific Highway traffic.

The Pacific Highway northbound exit ramp to Bangalow will be permanently closed. Northbound motorists will access the Bangalow township by exiting right for Bangalow and via a left turn at the new roundabout.

Southbound Pacific Highway access to Bangalow and northbound access to the Pacific Highway (from Bangalow) will not change. This will continue to be via Granadilla Road.

Residents and road users are asked to travel through the area with care and observe all signage, speed limits and any directions given by traffic controllers.
