**Definition**

**Student Welfare** encompasses everything that the school community does to meet the personal and social needs of the student and enhance their well-being. It creates a safe, caring school environment in which students are nurtured as they learn. Student Welfare and Discipline is but one aspect of Student Well-Being. The policy fits under the **Well-Being Framework** alongside the school’s other policies and curriculum provisions that ensure all students CONNECT, SUCCEED and THRIVE.

**The Wellbeing Framework for schools**

![Framework Diagram]

- **CONNECT**
  - Our students will be actively connected to their learning, have positive and respectful relationships and experience a sense of belonging to their school and community.

- **SUCCEED**
  - Our students will be respected, valued, encouraged, supported and empowered to succeed.

- **THRIVE**
  - Our students will grow and flourish, do well and prosper.

- **ENABLE**
  - The school environment is pivotal to the growth and development of our most important assets – our children and young people. Our schools strive for excellence in teaching and learning, connect on many levels and build trusting and respectful relationships for students to succeed.

**Rationale**

Australian society accepts that parents and families have prime responsibility for the welfare of their students. Families, however, share the responsibility with the general community and a range of its social institutions, including schools. In sending their students to school, parents/guardians rightly expect that they will learn in a caring community concerned for their welfare. They place their trust in the Principal, teachers and other school staff and, indeed, in the education system as a whole.

**Every teacher has a responsibility for student welfare.** The Principal, executive and staff have a specific leadership role in planning, coordinating, monitoring and evaluating the school’s student welfare program. Of course, much of the caring in schools occurs spontaneously and incidentally, as it does in any community of caring people.

**In summary**

- parents and families have the prime responsibility for the welfare of their students;
- the general community shares responsibility for the welfare of young people;
- the department and other community agencies support the school in this task;
- schools, as part of the general community, have a role in student welfare;
- student welfare is basic to education and is a responsibility of all teachers;
- the school needs a program for student welfare;
- the Principal is responsible to ensure that the program is developed, implemented and regularly evaluated.
Discipline concerns the development of appropriate and responsible attitudes and behaviour in students. It implies the development of self-discipline and the ability to distinguish right from wrong. Students learn most effectively in a secure, ordered and well-disciplined environment in which both staff and students take pride in achievement.

A well-disciplined environment provides a system of relations, rules, development of emotional social intelligence designed to promote effective learning and relationships. Our goal is to develop in all students the ability to learn internal control strategies, lessening a student’s dependence on external control strategies. A strong emphasis on the use of positive practices assists students to develop the ability to accept responsibility for their behaviour and show concern and respect for others.

Home, school and community have complementary roles to play in setting and maintaining an acceptable standard of student behaviour. They have a joint responsibility to influence students to accept and observe that standard.

**Window of Success**

(Staff support/collaboration)

> *the BPS Window of Success is embedded into school culture. Used as reference point by all staff, students & parents all decisions/future directions. “This is how we live so all students succeed & reach their potential.”*

(analyses qualitative/quantitative data)
Outcomes

1. School Vision
Providing high quality inclusive education based on respectful relationships in a positive, dynamic and nurturing learning environment that equips students to be successful future focused learners and global digital citizens.

♦ A safe, happy, nurturing environment is provided;
♦ Students are happy, confident and content with themselves.
♦ Students are self-disciplined and accept responsibility for their own behaviour;
♦ A sense of enjoyment and satisfaction from learning is evident;
♦ Students show and encourage a passion for life (Life’s good!)
♦ Learning is dynamic, differentiated and purposeful for each and every student
♦ Students are happy to be risk takers in their learning
♦ Personal dignity and self worth is fostered;
♦ Students have a feeling of belonging to the wider community;
♦ Students are encouraged to develop social and civic responsibility within the local and wider community.
♦ Students’ social and emotional intelligence skills are well developed. (CONFIDENCE, GETTING ALONG WITH OTHERS, ORGANISATION, PERSISTENCE, RESILIENCE)

Student Welfare Network:
These things can only happen in an atmosphere of trust and well-defined relationships. We see the parents of the students as having a very important role to play in establishing and maintaining a healthy climate of home/school relations. We see this interaction as follows:

Role of the Home and Parents
This has the greatest influence upon a growing child. Thus parents have the responsibility of developing positive attitudes in their students and values towards the family, school and society.

Role of the School
The school should support parents to bring up their students by fostering positive attitudes through a safe and healthy school environment.
**Role of the Child**
If the school and the home have a positive relationship then the child can enjoy positive self esteem and develop positive self discipline.

**Self Discipline and Self Esteem**
Generally, the way pupils behave is a reflection on how they feel about themselves and others.
- If they have a positive self image (respect for self) then there probably will not be a discipline problem.
- If they have low regard for themselves, there may be a discipline problem.

**People are motivated to behave for three reasons:**
1. What's the pay off for me?
2. How do I avoid pain?
3. What's the right thing to do? (Ethical awareness)

Although we may be able to manipulate behavior of other people if we can reward them significantly, or have the capacity to inflict pain that they want to avoid, neither of these will lead to responsible behaviour.

All the research evidence points to this conclusion. Those who learn to respond only to punishment and reward, find it difficult to lead responsible, satisfying lives.

Teaching students INTERNAL CONTROL STRATEGIES and SOCIAL EMOTIONAL INTELLIGENCE is paramount to the development of long term positive life skills, a successful future focused learner and effective global digital citizen.

**Implementation**
At Bangalow Public School we work towards achieving the above student outcomes through specific programs and support services. We are making our school better for everyone.

2. **School Strategic Directions 2015-2017**

**SUCCESSFUL LEARNERS**
- Inspired, creative, resilient and successful learners

**LEADERS IN LEARNING**
- Staff build a committed and collaborative environment within the school; focused on excellence in pedagogy and leadership.

**COLLABORATIVE COMMUNITIES**
- Collaborative and purposeful partnerships within our community.

**Effective learning and teaching (Successful Learners, Leaders in Learning)**

Bangalow PS classroom teachers and staff shall:
- Ensure Gifted and talented strategies/programs are implemented for identified students.
- Provide a comfortable, safe, nurturing classroom environment where risk taking is encouraged and support from and for all is expected.
- Provide 'Quality Teaching' focused on purposeful, differentiated and dynamic learning for each and every student is paramount in each classroom.
- Ensure peer group activities are child centred. Project-based learning and future-focused learning skills are explicitly taught and assessed.
- Provide regular and ongoing assessment for learning in their classroom across all KLA’s.
- Ensure student learning is tracked and goals set regarding where to next. Students are made aware of their next learning goal and given support on how to achieve this goal.
- Parents are contacted by the classroom teacher as soon as there is any concern re a student’s learning or welfare becomes evident.
- Identify through assessment any students with concerns to their AP and the LaST so that the student learning and welfare committee (LST) which meets twice a term can look specifically at and make recommendations regarding the learning and welfare needs of those students.
Provide students requiring extra support with their learning a targeted learning program and provide that support either individually and/or in a small group. Collaboratively plan with the Learning and Support Teacher, Reading Recovery Teacher (Y1), school counselor, SLSOs and parents as needed.

Establish ILPs by meeting each semester with the parents for indigenous students and students on Integration Funding, those with significant learning or behaviour needs and those with disabilities.

Acknowledge and celebrate student’s quality work and or noticeable improvements by sending student and work to the Principal for a Principal Award.

Implement individual programs for behaviour modification, alongside small group and individual teaching of micro social and learning skills.

Implement social skills development and anti-bullying behaviours through organised programs. i.e. Friendly Schools, social stories, Anti-Bullying lessons, You Can Do It

Ensure students participate positively in assemblies e.g. Public speaking- quality work display, organisation, merit certificates, class items.

Focus on the positive as the first response including teaching internal control strategies within each classroom. External control strategies are to be kept to a minimum.

Follow and work with the Sports Coordinators to ensure all K-6 sports follows a school Scope and Sequence which caters for all students and the development of their fundamental movement skills, sporting skills and understanding of fair play and good sportsmanship.

Provide extracurricular activities such as debating, public speaking, coding, chess, choir, dance and instrumental music programs for all interested students.

Ensure their class positively contributes to the School Musical / School Art Exhibition which are conducted on a biennial basis

Establish a staff member who is responsible for student ICAS competitions eg. Science, English, Mathematics and Digital Literacy.

Bangalow PS classroom teachers and staff shall:

Provide consistency in discipline throughout the school following 2016 Classroom and Playground Behaviour Flowcharts and Responsibilities (Refer 6 next pages)

Provide positive reinforcement of all actual and improved positive behaviour.

Ensure their classrooms are tidy and organised so students can take responsibility for keeping their rooms attractive, predictable and clean with equipment in its place. Routine cleaning up of own desk, tote tray, attention to work presentation and daily clearing of rubbish from the classroom floor.

Ensure students participate in class rule making.

Ensure students responsible for:

* keeping a clean, tidy playground by picking up rubbish and not littering
* proper care of school and classroom equipment.
* looking after their own property and belongings
* looking after the environment- following REUSE and RECYCLE, economical use of paper, being water wise in their use of water
* own learning: setting realistic and achievable learning and behaviour goals
* having a go, being prepared to make mistakes and learn from them
* involving themselves positively in classroom and school activities

Concentrate on the positive in every child and develop self-respect and self-acceptance in each child as well as respect, acceptance and celebration of differences in other individuals.

Ensure students are given a voice and participate in student decision-making through the Student Representative Council (SRC), leadership training and classroom circle time.

Provide for continual recognition of and providing opportunities for the development of students’ talents.

Follow the Classroom and Playground Behaviour Charts so that RETHINK time for playground or classroom is only used for high level inappropriate behaviour. The Principal and executive will then complement this with the Positive Outcome Process (POP), individual or small group teaching of micro skills and individual negotiated plans for developing strategies which are positive for all (Negative consequences if necessary as determined by the School Executive)

Ensure classroom social issues are listened to and dealt with promptly through lunchtime small group meetings and the implementation of social skills programs to support students who require extra support with getting along with others.
- Promote positive expectations regarding Weekly Assemblies and prepare students to celebrate student achievements, quality work and presentation of items.
- Read aloud the Weekly News each Monday 9.20am to inform students of this week’s organisation and highlight any key events in the Weekly Thursday Newsletter which relate to their class.
- Ensure the Monday student only assembly is used to remind students of expectations or changes in the classroom and playground.
- Establish a Stage Roster for playground equipment at the commencement of each term.
- Promote a happy, sharing, caring environment where INCLUSION is expected.
- Work with the Stage Assistant Principal to organised excursions for each stage.
- Support Pedlar’s Day, where pupils raise money for the Student Representative Council. The SRC then decide when and how to spend the money raised. A SRC fund-raising day each term is organised at the fortnightly SRC meetings. Equal time is given to raising money for students in Bangalow PS and for those less fortunate than us.

Social Emotional Intelligence
Bangalow PS classroom teachers and staff shall:

- Explicitly teach the Program Achieve- You Can Do It (YCDI)Lessons for 30 mins each week as per the school Scope and Sequence.
- Refer to the 5 Key Skills regularly in the classroom and playground to ensure that the YCDI skills are embedded into school culture.
- Read aloud the Weekly News each Monday 9.20am to inform students of this week’s organisation and highlight any key events in the Weekly Thursday Newsletter which relate to their class.
- Ensure the Monday student only assembly is used to remind students of expectations or changes in the classroom and playground.

Community participation (Collaborative Communities)
Activities and actions to promote community participation include:

- Highlight positives, programs and how good our school is through Newsletter and local media.
- Monthly Parent Forum- P & C meetings- policies, events, learning, new ideas or changes etc discussed.
- Regular and clear communication with parents - Weekly School Newsletter, School Stream, School Website, Google Calendar, Website calendar, Parent Information Evenings, parent interviews, stage term newsletters, reports, information sessions, P & C and interviews. Annual Parent/Teacher interviews are to have a full profile of child prepared.
- Community involvement eg. Classroom literacy and activities, sport, canteen, uniform, parent social activities, working bees, covering books, whole school events and carnivals, fund-raising, decision-making and Parent Information Forums.
- High level of parental participation in school excursions.
- Parent Forums- parents part of the decision making process at school.

- Revised July 2010, 2013, Feb 2016
3. School Values

**RESPECT**  treat others as you would have them treat you- peers and all adults
**RESPONSIBILITY**  be accountable for your own decisions, learning and belongings
**PERSONAL BEST**  take pride in yourself and everything you do

4. Bangalow PS Beliefs

We believe our school is a place where:
**Teamwork is vital.**
**Relationships and trust underpin everything.**
**As lifelong learners we will strive to do our personal best.**
**All children can learn and achieve their personal best.**
**We have high but realistic expectations.**
**We celebrate success for all.**
**We celebrate and honour differences.**
**We recognise that all behaviour is purposeful, internally motivated and has a positive intention.**
**Everyone is responsible for their own behaviour.**
**All adults model behaviour they want to see in their children.**
**Everyone has the right to be treated with respect.**
**Everyone should be respectful of and to each other.**
**We all have a right to feel safe.**
Whole School Discipline Plan:
Each class negotiates their 3 classroom rules and routines at the beginning of each year and then as needed throughout the year. These are to ensure all students are safe, happy, supported and able to learn.
Standard playground expectations have been developed to ensure students understand staff expectations while in the playground.

Over the next 5 pages are the Classroom and Playground Flow Chart regarding actions to address inappropriate behaviour in the school.

The responsibility for addressing each of the behaviours is also included in the FLOW CHARTS which are displayed in each classroom.

CLASSROOM

WHAT TO DO WHEN STUDENTS BREAK THE RULES
Respect, Responsibility, Personal Best

**Aim:** To build consistency in behaviour, plus +ve relationship between teacher/child. RESPECT.

**RIGHT CHOICE**
All students begin here. Teacher consistently and positively reinforces students for making the ‘RIGHT CHOICE’.

**NON-VERBAL PROMPT**
Teachers have 3 class rules displayed in the classroom, each different colour.
Point to/touch the rule whilst making eye contact.

**Do they understand the rule?**
(1:1 verbal reminder or move the child and say: I’ll chat to you in a moment.)
Ask: Were you being respectful? responsible? doing your personal best?
Yes/No What should you be doing? What is the rule?
The student clearly states the rule and what the appropriate behaviour should look and sound like.

**Students should reflect on the rule they broke.** (In a quiet moment)
Ask: So what are you going to do now? Can you do it?
Ask students to make the RIGHT CHOICE.
Reminder: If not, you will need to move to the REFLECTION SPACE to spend some time thinking and learning how to follow the class rules.

**Students move to the REFLECTION SPACE.**
Give them: Laminated sheet of CHOICES. What Can I do?
Time to calm down or recover.
Think about being respectful, responsible or doing your personal best.
Ask: What were you doing? What is the rule?
The student clearly states the rule and what the appropriate behaviour should look and sound like.
Ask students to make the RIGHT CHOICE: Settle, return to lesson & follow rules
What are the classroom rules?
If not read: Student complete their work in the REFLECTION SPACE.
Move back to class when ready to follow rules.
Reminder: If not, you will need to exit to their BUDDY CLASS or you can spend some time thinking and learning how to follow class rules.
(Reflection: Depending on severity of the behaviour. Reflection may include talking to you or further reflection time in classroom/playground at break[max 20 mins].

**Students should correct their behaviour.**
Monitor student for correct behaviour +ve reinforcement.
Correction means making amends and making a plan to be respectful, responsible and to do their personal best. (Can involve consequences)

If no CORRECTION of behaviour, students move to their BUDDY CLASS with work for a specific time.
Monitor student for correct behaviour +ve reinforcement. Each class teacher has a folder of work their students are to take to buddy class.
Teacher-student interview when student returns (a quiet moment/next break)
Parents contacted by Class Teacher when student sent to Buddy Class.
Teacher/parents discuss the behaviour displayed by the child.
If the child cannot follow the rules when they return to class then they are referred to the AP.

Revised July 2010, 2013, Feb 2016
RESPONSE to ALL student behaviour is:
CALM, CONSISTENT, BRIEF, IMMEDIATE, RESPECTFUL & PRIVATE

The Class Teacher records in Sentral

In SENTRAL the Class Teacher documents as a Negative Incident or in Notes
Provide details of the incident in Sentral. If necessary notify the Stage AP.

The class teacher is the person who makes the REFERRAL unless the incident is SERIOUS.

SERIOUS is defined as:
• Serious aggression or violence
• Damage to property
• Serious verbal abuse of staff or students
• A significant bullying action

REFERRALS go to the Stage AP.
AP Level: My Rethink Plan (yellow) + POP if necessary
Parents automatically contacted by the AP.
Stage APs decide whether to refer to the PRINCIPAL
Principal Level: My Rethink Plan (white) POP (Formal Caution, Suspension)
Parents automatically contacted by the Principal.
(Ring parents prior to ‘My Rethink Plan’ going home and give parents tips re how to discuss situation –without emotion- most salient learning point for student.)

* Students will show due respect and consideration to wildlife and other animals

**School Uniform**

The wearing of school uniform indicates pride in the school and shows other people the students are aware of their school and its achievements. The maintenance of uniform is far cheaper than furnishing miscellaneous items of clothing.

The Bangalow Public School uniform is neat, attractive and functional, and a strong emphasis is placed on students wearing full school uniform. The same uniform is used for ordinary use and sports days. It consists of:

- A printed yellow shirt with sleeve and collar or a plain yellow shirt (available from the office)
- A bottle green sweat shirt (available from the office)
- Bottle Green shorts for boys (shorts should be no longer than knee length, bottle green skirt, shorts or culottes for girls
- A bottle green and yellow check dress
- Students may wear bottle green track suit pants or slacks in winter
- Suitable footwear (NO thongs or bare feet)
- A bottle green school broad-brimmed hat

Please note that students who wish to stand for election as School Leaders are expected to wear school uniform. Leaders will be expected to set an example by wearing school uniform at all times. The wearing of bike pants, board shorts, party dresses and fashion items is strongly discouraged. The school will not accept responsibility for any injuries from the wearing of earrings or other jewellery.
Drugs and School

The use of illegal drugs and the consumption of alcohol and tobacco are prohibited at our school. Current Department procedures will be followed in relation to any breaches of this rule.

Suspension, Exclusion and Expulsion from School

Suspension highlights for students and parents the unacceptability of the student’s behaviour and the parent’s responsibility for remediation of that behaviour. The school will work in partnership with the parents in assisting the student to rejoin the school community. This will include counselling and access to special behaviour programs. As long as the behaviour is unacceptable, the student’s continued enrolment is in jeopardy.

Any pupil who commits any of the following offences will be suspended:
* Possession of a suspected illegal substance.
  Suspension will occur immediately if the substance is being touted, held out or passed by the student as an illegal substance or on confirmation that the substance is in fact illegal.
* Violence
  Any pupil intentionally causing injury or threatening serious violence against another student or teacher will be suspended.
* Possession of a weapon
  Any student in possession of a prohibited weapon, or using, or threatening to use, any item or instrument as a weapon, will be suspended.
* Persistent disobedience
  Students who, in their relationships with staff, are persistently disobedient, insolent or engaged in verbal harassment and abuse will be suspended.

Child Protection

Principles for Schools
* The safety, welfare and well being of the child are paramount.
* All suspected incidents of child abuse or neglect must be notified.
* Child abuse and neglect matters remain confidential and others should be informed only when they need to know.
* Investigation of concerns about abuse or neglect must be left to those with statutory responsibility to investigate.

Obligation to Notify

The Department of School Education and training requires all staff who have reasonable grounds to suspect that a student under 18 years of age has experienced abuse or neglect, or is at risk of abuse or neglect, to inform the Principal.

Community members may also raise concerns about the suspected abuse or neglect of a student with the Principal.

In cases of sexual, physical or emotional abuse or neglect of a student, Principals must immediately notify the Department of Correctional Services at the local Community Services Centre.

The school will follow the Department of Education and Training procedures in all such cases.
